WHAT ELSE CAN msp OFFER?

With four different locations across Greater Manchester, **msp** can cater to most office or laboratory space needs. But did you know about the other benefits of becoming part of the **msp** community?

- High speed internet connectivity - on-site ISP providers
- Close links to North West universities
- Regular seminars and networking sessions
- Free PR services
- International

We also offer flexible lease terms, hot desks and virtual offices. There's something for everyone. Contact **Kelly Jones** and find out what we can do for you.

New year, new challenge

Dear all

Welcome to the first **msp** newsletter of 2011. I'm sure everyone has settled back into work and has exciting plans for the year but I wanted to take this opportunity to let you know that **msp** has taken on the challenge of raising money for Marie Curie Cancer Care, our 2011 charity, and will be organising various fundraising challenges and events throughout the year - more detail can be found on our blog entry, below.

We know that times are tough for everyone, but this is when charities such as Marie Curie need your help most. We hope you will support us in our endeavours to raise as much as possible for this worthwhile local charity - and even join us or suggest ideas on how we can do it! We will keep you all updated on our efforts.

Justyna Dabrovska, **msp** Innovation Project Manager
